OUT OF HIS MIND.

The friends of Mr. Hart of the Austin Revue should really look after him. It is our sincere belief that the gentleman is becoming insane. Matters did not go to suit him in the state convention and he at once began abusing the party. He fancied because he is kicking up a din in his own little circle that all Nevada is in an uproar. He is evidently convinced himself that he is another Sampson, and that he is pulling the pillars of the Republican temple and that the whole building will shortly come tumbling to earth. Freddy has worked himself into a frame of mind bordering on frenzy and doesn't care whether his own life is squeezed out of him in the general smash. Everybody who doesn't lend him a hand at tugging at the pillars, the demented little fellow firmly believes to be in league with a vast conspiracy which is to crush the great bolter of Austin. He has discovered, for instance, that the GAZETTE is bought with bonanza gold, that it is opposed bitterly to the reelection of Jones, that it is connected with the Enterprise office by telephone and that it sits up nights to hatch plots against the best senator Nevada ever had. None but a turned brain could be dominated by such queer fancies as these, and the friends of Mr. Hart, as a simple duty, should keep a watch upon his actions. At present his malady only presents to him the Republican party and the GAZETTE as his foes, but there is always danger that hallucinations of this kind may crystallize and become personal. The unfortunate man may very likely get it into his head that his printers, or other residents of Austin are subsidized by the bonanza company or the GAZETTE, to take the life of so formidable an opponent as himself, and then he will resort to a shotgun or some other deadly weapon. There is really great need of extreme care.

A LITTLE SHOP TALK.

The newspaper men of Nevada would make a big advance in their profession if they would learn the proper use of the pronoun "we." There are only two newspapers in the state that seem to have the faintest idea of its proper scope—the Virginia Chronicle and the GAZETTE. The plural pronoun, when used by a newspaper, implies that the opinions which it is made use of to express are not those of any one person but of the combined wisdom of the paper. It should only be used in the expressing of editorial opinions. No reporter has a right to employ it. When John Smith, of the Base Range Bugle, or the Reese River Reverbator, says: "While we were walking down Main street yesterday we observed that our fellow-townsmen John Jones Esq., was having a new sign painted. We wish you good luck, John," he is guilty of a rank absurdity. It is a physical impossibility that the Bugle or Reverbator should walk down Main or any other street. By what authority then does the reportorial John Smith class himself with kings and other bloated rulers, and take to himself the royal pronoun? A still greater impertinence, to several instances of which we have been treated of late, is for an editor to publish a personal card in his paper, over his own signature and, throughout, refer to himself by the lordly we. Brethren, when you speak of a dog fight or the arrival of dry goods at the extensive establishment of an enterprising and advertising townsman, don't say we saw the fight or that we were pleased to observe this substantial sign of prosperity. You in your reportorial and not editorial capacity saw the dog fight and the dry goods. Don't refer to our hash or our wife, either. You may be a tremendously important person, but your rank is scarcely so exalted as that of Queen Victoria or Emperor William, although we have no doubt that those royal humbugs frequently tremble on their thrones when they read your powerful articles in the Bugle and Reverbator.

When the developing maniac of the Revue desires to say that he doesn't agree with the argument of a contemporary he now adopts this convincing and dignified form of dissent: "BOSH!! Its enough to make a cat and a litter of kittens laugh themselves into convulsions."

EDITORIAL NOTES.

Rascally financiering is not confined to this country by any means, any more than political corruption is peculiar to the much abused republic. The London Times commenting on the official report of the investigators into the affairs of the City of Glasgow Bank, says: "The stockholders will now have some light thrown upon the condition of the bank's affairs, and a most somber light it is. The bank has lost on a moderate and probably a favorable estimate £6,200,000. That is a most disastrous statement for the unhappy shareholders, and we need hardly say that a loss of such magnitude could never have fallen on them but for reckless mismanagement to begin with, and deliberate and long-continued fraud practiced to hide that management."

The awful news is telegraphed across the continent that Dennis Kearney predicts that the California constitutional convention will end in bloodshed. This is almost equal to its ending in bloodshed, for, as is well known, every prediction of the great man is sure to come true. He predicted that he would capture the state, that he would go Aist and turn the country upside down, that he would drive the Choyne out of the land, that he would march at the head of a thousand min down to the Pacific Mail Steamship Company's wharf (where he used to be the boss of a gang of stevedores, and bullied them unmercifully, too), and burn the sthymers. It is true that none of these things have yet come to pass. But give Dennis time. He can afford to wait a century or two, and there's no hurry so long as the collections pan out pretty well.

The GAZETTE again asks the Republicans of Nevada to keep constantly in mind that the election of congressman is the main issue in the present campaign. It may be in the power of Nevada's congressman to decide who shall be the next President of the United States. He would have, in the event of dispute similar to that which we saw two years ago, the casting of the three electoral votes of the state. The struggle between the parties is for the control of the house. Don't let state or local issues cause you to forget this.

No wonder they have a plague at New Orleans, or that prayer, even if ordered by the governors of half a dozen states, don't avail to stop its progress. The Times, of that city, says that four thousand loads of kitchen garbage, which had been hauled to the dumping grounds by the city carts, have been brought back by the contractors and used to fill in the front part of the city. This is said to have happened within the present year, and was in progress at the time of the breaking out of the fever.

The Enterprise is warming up to its work. Its two leading editorials yesterday were headed, "A Democratic Lunatic in Elko," and, "As a Madman Who Casteth Firebrands, Arrows and Death." It's a good comfortable frame of mind to be in, to believe that everybody who doesn't agree with you is crazy.

The Nevada city Transcript is earnestly advised to keep its pitiful claims off our editorial paragraphs. We don't mind much the theft of our thunder by Verbum Sap because we are used to it, but when California buccanniers to sack our columns the eye of the GAZETTE becomes suffused with blood.

Men with any remains of decency in them strive to shun the eyes of their fellows when hopelessly disgraced. Henry Ward Beecher isn't of that modest stripe, however. It is reported that he is going to England next summer to show himself for \$500 a night and expenses. Hathaway & Pond are to be the exhibitors.

The Republicans at Winnemucca are evidently determined that Kinkead shall have a handsome majority there. The Silver State says that "601" have posted notices "all over town warning disreputable characters generally to leave."

As yet we have not observed that Senator Jones has been announced to address the people anywhere in the state. Every Republican should do his duty during this campaign. Senator Jones, as well as anybody else.

Reform in Asia Minor.
CONSTANTINOPLE, Oct. 19.—The negotiations concerning reforms in Asia Minor at last promise some result. A mixed Christian and Mussulman police is to be commanded by English officers. An English assistant judge will be added to each court of appeal. The governor and head tax gatherer will be appointed and dismissed subject to English approval. These and some other equally important clauses have been approved in principle by the Porte.

A Horrible Suicide.

(S. F. Chronicle, Sunday.)

At about half-past 4 o'clock yesterday afternoon an unknown man was run over and killed by engine No. 46 of the Southern Pacific railroad on Harrison street between Fifteenth and Sixteenth. He was seen carrying a bundle and walking on a side track. At the time the engine was backing down on the main track toward the engine-house, and when opposite to him he was seen to drop his bundle and throw himself under the backing engine, which passed completely over him. The body was taken to the morgue. The following is a description of the suicide: He is about 3 feet 6 inches in height; stout built; full beard and mustache; dark hair and about 40 years of age; he wore a dark cloth coat, red flannel shirt, dark brown pants, heavy boots, black felt hat, and carried a bundle of old Brussels carpet containing a blanket and red flannel shirt.

Antics of a Wild Steer

SAN JOSE, October 19.—Yesterday a wild steer, which had escaped from a passing herd, the night previous, caused considerable damage on the Alviso road, about three miles north of this city. He first made an attack on a buggy containing two ladies, but the driver managed to get away by putting his horses to full speed. Next a buggy containing two ladies narrowly escaped by being turned into a friendly gate, opened to receive it. He next set upon a six-horse team attached to a lumber wagon, driven by Charles Wade, of San Francisco. In his attack upon the horses, he injured three of them fatally, and, in their efforts to escape, they turned short and upset the wagon, and broke the tounge, and thus allowed the other three animals to escape. He was then surrounded by several of the farmers and killed, having seven ribs bullets shot into his carcass. The owner is unknown.

South Carolina Affairs.

CHICAGO Oct. 19.—The Journal's Washington special says the Post, with a view of casting discredit upon the reports received from South Carolina regarding the Sumter outrages, publishes a silly cock and bull story that the Sumter affair was a put up job; that it was planned at radical headquarters here by representatives Hale and Gerham, who furnished money to buy arms for two or three thousand negroes to murder innocent and helpless Democrats, and that the plot failed only because of coolness exhibited by Democratic leaders and the cowardice of the negroes who were to lead in the massacre. This attempt to divert the responsibility from the Democrats for the Sumter outrage is regarded as pitiful in the extreme.

A Persecuted Railroad.

(S. F. Post.)
And so the courts have decided that the poor Central Pacific must pay that million and a quarter to the government. No kind heart but will sympathize with this additionally heavy burden imposed upon this worthy company, struggling along up the steep grade of affluent poverty, and for our part we gladly advertise, free of charge, the fact, that in consequence of the above a passenger ticket will hereafter only cover the flesh and bones of travelers. Everything else about the person, including clothes, hairpins and cigars, will be charged for extra baggage. Passengers will favor the company by having their hair cut before starting.

JOTTINGS.

The churches were well attended yesterday.

—Constable Barlow has gone to Bodie to catch a fellow who stole a mule.

—E. F. Underwood of Wadsworth, Republican candidate for the assembly, is in town.

—Mrs. Bourne has opened a kindergarten school in Reno. See her announcement in the 50-cent column.

—The man who doesn't own an overcoat these days, isn't the money to buy one, is not open to the softer appeals of the gospel.

—J. H. Torp, county commissioner of Storey, and the happiest man on the Comstock, is visiting Reno and shaking hands with his friends.

—The annual election of the Jones & Kinkead mining company which was to have been held to-day has been postponed for one week.

—Owing to the press upon the columns of the GAZETTE to-day of the registry list it has been necessary to leave out a quantity of interesting local matter.

—The population of Mackay & Fair's camp in the mountains is rapidly diminishing as cold weather comes on and the workmen are laid off for the winter.

—To-day the GAZETTE publishes the registry list of legal voters of Reno precinct, containing over 900 names. Read it and see if your name is correctly printed.

—R. P. Chapin of the Arlington nurseries is now making his fall deliveries of trees and shrubs. On Saturday he expressed a large consignment to Susanville, and to-day lots were shipped to Eureka and other points in the eastern parts of the state.

—Griff J. Griffith, the mining expert and journalist, is in from Eureka where he has been negotiating for some claims. He is also acting as correspondent of the San Francisco *Alta* and other papers.

—R. P. Ferguson (Old Ice Hooks and Sicks) was in town this morning. Ferg is one of the Crystal Ice Company, and is superintending the erection of the big ice-house at Verdi. He says he will have it finished in 40 days.

—One by one the candidates are forsaking their regular occupations and devoting themselves entirely to "work." Saloon keepers are growing wealthy in consequence, and it is now that the strictly temperate man of economical principles goes upon a howling spree.

A Discharged Clerk Rampant.

Some weeks ago the dry goods firm of Grey & Isaacs brought from San Francisco a clerk named Samuel Stanton. A few days ago they discharged him for what they considered good reasons. Yesterday Stanton, who is a tall muscular fellow, met Mr. Isaacs, who is a small man, on Commercial Row and demanded that he take back something that he had said concerning him. Isaacs had just dismissed from his horse and held a riding whip in his hand. He declined to retract anything. Stanton said that in that case he would thrash him and advanced with that fell purpose. Isaac struck at him with the whip. Stanton raised his foot and kicked Isaac in the breast. Mr. Isaacs not being able to stand up against this novel style of attack, fell down. Stanton then delivered a kick upon the head of his late employer, cutting him badly over the right eye, blackening that orb shockingly. Isaacs was compelled to seek a surgeon and have the cut sewn up. The above is Mr. Isaacs' version of the affair, and his account is borne out by other witnesses.

Death of Tom Morgan.

Tom Morgan, the veteran of the turf and the property of Allan C. Bragg, is no more. Tom, while on his way to the Susanville fair, died last Friday night at Willow Ranch from causes not yet learned. Tom was about 26 years old. He was of Hambletonian blood and is said to have had an eastern record of 2-27. His record here was 3-32. He was a fine old fellow, almost human in his intelligence, and loved his trade.

For Justice of the Peace.

C. A. Richardson announces himself an independent candidate for justice of the peace. Mr. Richardson now holds the office and has many friends. He will make a hard fight for re-election, and the other nominees will have to wrestle. It is now a four-cornered conflict.

A GODLY TRIUMPH.

How a Bodie Parson Clashed Cherokee Jack.

A Renoite, corrupted by a recent visit to Bodie, is ruining his soul by the relation of a sinful anecdote concerning Cherokee Jack, a Bodiean gambler and a clergyman of the place, whose name is suppressed for the reason that the GAZETTE reporter who writes this knows something about the libel law. The parson was asking for subscriptions looking to the erection of a church for the ornamentation of the Bodie landscape, and entered a saloon, where the gambler was seated at a table stirring a hot whisky. The parson nailed him in this style:

"Mr. Jack, you are an ungodly, but I believe, a generous man. Will you contribute something to the erection of a church in our midst?"

The gamblesome one thought deeply for a time, consumed half his punch and made reply:

"I'll tell you what I'll do parson. You were one o' the boys yourself onst I've been told. Suppose we play a game o' seven-up to see whether I give you \$10 or nothing?"

A light, born of the recollection of other days, gleamed in the eyes of the holy man, and he lifted up his voice and cried aloud:

"It's a whack!"

They sat them down these two, the godly and the sinful man, and cut for deal. The parson won and turned up a jack.

"Count one for the Lord," spoke the parson, and Cherokee begged.

"I'll give you one," said his reverence.

"It goes," said Jack.

"And that makes one for the devil," quoth the parson. But behold, when at the end of the deal he took account of that which had come into his net, he spoke:

"High, low, and the game added to my friend the Jack, scores four for the Lord."

"I'm buckin' agin a game that the devil can't help a fellow in," complained Cherokee as the parson scored three on the next deal and went out.

"When the feller you're playin' with, puts the prayer hoodoo on the keards," he added, as he handed over the \$10, "there ain't no show for such as me."

Sensation in Church.

Rev. Mr. Drahm's lecture at the Baptist church last evening on spiritualism and bore down upon the spooks and their friends, with all sail set.

The bogies fled affrighted from the sacred edifice, and no doubt a few of them had their feathers dampened by diving through the baptismal well under the pulpit. Those of their friends in the body who were present became more or less excited and exasperated at the reverend gentleman's sighted the orthodox guns and poured broadside after broadside into the shadowy ranks. One male spiritualist arose when Mr. Drahm rested from his labors, and announced that he would return the fire on Thursday evening if he could get a hall. Mr. Drahm said that his manuscript was at the service of the gentleman but that his arguments were so thoroughly iron-clad that it would be impossible for the other to do him any damage by his firing. An old lady likewise got up, and trembled out with wrath, heaped imprecation and condemnation upon the defender of the orthodox. There is sure to be war, and Reno will now be shaken by the great question of whether or not we are permitted to loaf around in the atmosphere after we have dropped the fleshy ulster.

Republican Rally.

To-night a Republican mass meeting will be held at the Opera House. Messrs. Hutchins, Powning and Foulks will address the meeting on the political issues of the day.

Don't Forget It.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not headed off, in more terrible diseases and death. White's Prairie Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggists, OSBORN & SHOEMAKER.

SPECIAL NOTICE.—Dr. H. Cohen, of New York, the most celebrated Optician that ever visited the Pacific Coast, has arrived and will remain at Barnett's store, corner of Commercial Row and Virginia street, two days. Will suit the most difficult sights on mere inspection of the eyes with his improved Parabolic Spectacles and eye-glasses. Can be consulted by calling as above. We hereby recommend Dr. Cohen: R. H. Waters, M. D.; R. Macy, M. D.; B. Hasting, M. D., of New York City. Office hours from 9 to 12 a. m. and from 2 to 6 p. m.

RENO AND SURPRISE VALLEY.—Calderwood & Kern's stages will leave Reno hereafter on Mondays, Wednesdays and Fridays, at 8 o'clock A. M. and reach Bidwell, Surprise Valley, at 6 o'clock on the following days. Returning will leave Willow Ranch at 7 A. M. on Mondays, Wednesdays and Fridays, arriving in Reno at 9 p. m. on the following days. Fare, \$20 each way. Freight on baggage over 30 pounds, 8 cents per pound. Of 50 at Hammond & Wilson's stable, opposite Railroad depot. J. WILSON, Agent.

For pianos and organs visit Brookins & Holmes' piano warehouses on Virginia street, Reno, Nevada. This firm will sell cheaper than any house on the coast. Old pianos and organs taken in exchange for new. Instruments sold on easy installments. Pianos and organs for rent. 6-4-11

CLOTHING.—Grand Reopening of the White House, next door to the Postoffice. Having purchased the entire stock of Men's and Boys' Clothing and Furnishing Goods of Messrs. Cohen & Isaacs, and made a large addition thereto, I am prepared to sell this clothing at lower rates than any merchant in Reno. I respectfully solicit the patronage of the public, and am convinced that on the examination of my stock, and the price at which I sell, that no person who gives me a call will go away empty handed.

NOTICE.—Having established a pur chasing agency, Mr. L. Bien will give his personal attention to orders of any kind, such as boots and shoes, furniture, crockery, carpets, millinery goods, groceries, etc. Being in constant business relations and having a thorough acquaintance with all the leading houses, ladies in ordering through Mr. Bien, will receive the full benefit of his experience and find it more advantageous than doing their own shopping. Address letters, P. O. box 340. oct12-11

FURNITURE FOR SALE.—Mr. G. Stark has been appointed agent of the California Furniture Manufacturing company, of San Francisco. He will sell furniture at the very lowest figures. REPUBLICAN PLATFORM.

Resolved, That we reaffirm the principles of, and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine, that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State—in every State, South and North, Democrats or Republicans, black or white—shall be permitted, undisturbed by force and untried by fear, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such votes, to any office shall be freely inducted into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete protection of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands securely pledged. In order to redress this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Patter resolutions to disturb the title by which President Hayes and Vice-President Wheeler held their seats is revolutionary and dangerous in the extreme, and characteristic as it is of the underlying motives of the rebel Democracy call for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, subsidies, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on all railroads within this State.

Resolved, That in their shameful disregard of our avowed principles, the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, That we have with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestricted coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country.

Resolved, That there should be retrenchment in the public service; that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having due regard to the surplus of funds already in the treasury.

Resolved, That the Republican party of the State of Nevada is opposed to and protests against any repeal, modification or any change in the law taxing the proceeds of the mines commonly known as the "bullion tax law."

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its exponent; demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society.

Resolved, That the general government should immediately take such steps as to absolutely stop the further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations, or the representative of aggregated wealth or capital; that we view with alarm the increasing and unceasing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of

said States; that the principal and practice are fraught with danger to our Republics reform government, and should be frowned down, and resisted by every individual who has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any moneys raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That to promote the advancement of education and morals, to stimulate a true and beneficent enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generously disbursed in behalf of our admirable system of public schools; to maintain the Union and protect its flag; to guard the memories of the dead who died in the name of Union, liberty and law; and to vindicate all our acts and purposes is the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best for the preservation and perpetuation of this party and its principles, holding all men's claims and aspirations secondary to these high claims and ends; these are our duties, and these the intentions we do most strenuously maintain and avow.

R. B. HARRIS, Chairman,
A. J. DODSON, Secretary
Of the Republican State Committee.

REPUBLICAN COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Eureka Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of Washoe's Senators and Assemblymen in the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That in our best judgment, the official acts of the Hon. J. P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the fee bill of this State, and such legislation relative to the compensation of public officers as the exigencies of the case requires. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use honorable means to secure legislation in this respect that will equitably regulate and adjust the correlative obligations of the people and public officers concerning public duties and the compensation therefor.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendships or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled, does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or to existing abuses as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by successful candidates for office are binding

and valid during his official term, that there is no power in any committee, State or county, to revoke them, and that a breach of such pledges is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That we recognize property as the product of labor applied to forest, field, forge, furnace, mine and manufacture. That the wealth of any State or nation is proportionate to the number of its laborers. That States are more or less prosperous according to the wages which its laborers command, and that labor is the product while capital is only the result of such production. Believing that the policy of capital gives luxury to the few while well paid and prosperous labor gives comfort to all. We declare our wish that the interests of labor shall have a governing influence in shaping the affairs of state, thus bringing the greatest good to the greatest number.

Resolved, That the convention refuses to confer any appointing or elective power whatever upon the county central committee which shall be named by this body. We recognize the right of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.

Resolved, That our Senator and Assemblymen are pledged against remission of the penalty of \$125,000 due the State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligations.

DEMOCRATIC PLATFORM.

The Democratic party of the State of Nevada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency unconvertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies, no subsidies to corporations or individuals; no class legislation; no unjust or unequal taxation; the reservation of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the lawfully expressed will of the majority; the equality of all citizens before the law; economy in public expenses; that labor may be lightly burdened; no subordination of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to especial mention, the Democratic party of Nevada presents:

1st. The induction of B. Hayes into the office of President, in violation of the clearly expressed will of the people, is denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest-bearing bonds for coin for redemption purposes but the gradual reduction of the public debt; and rigid economy in all branches of the public service.

3d. In view of the recent decision of the

DEMOCRATIC PLATFORM.

The Democratic party of the State of Nevada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency unconvertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies, no subsidies to corporations or individuals; no class legislation; no unjust or unequal taxation; the reservation of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the lawfully expressed will of the majority; the equality of all citizens before the law; economy in public expenses; that labor may be lightly burdened; no subordination of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to especial mention, the Democratic party of Nevada presents:

1st. The induction of B. Hayes into the office of President, in violation of the clearly expressed will of the people, is denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest-bearing bonds for coin for redemption purposes but the gradual reduction of the public debt; and rigid economy in all branches of the public service.

3d. In view of the recent decision of the

POLITICAL.

Supreme Court of the United States. State and National legislation is demanded to protect the people of Nevada from the outrageous discrimination and excessive charges of railroad corporations, within this State.

4th. The Democracy of Nevada denounces the Chinese element as an incubus that will paralyze honest labor in any civilized country on earth and demands such a radical change in the treaty with the Chinese Empire as will forever stop the immigration of the Chinese to the United States.

5th. The Democracy of Nevada is in favor of the State, county and municipal government; and that every species of property bear its just and equal burden of taxation. While no war is made on the great corporations, it is demanded that their property shall contribute to the support of government, the same as other property. Unflinching opposition to any further exemption of the net proceeds of the mines is announced, the mining interests being now sufficiently encouraged and protected. Such a reduction of State taxation is demanded as will prevent any accumulation of moneys in the State Treasury, and as will only furnish a sufficiency for the interest on the State debt and the economical administration of the State government.

6th. The Democracy repudiates the doctrine that any officer may disregard and ignore the pledges made by his constituents, and on the faith of which he was elected; and declares that if such practice be tolerated it will result in the destruction of representative Democratic government, and we declare that no power exists which can relieve officials from pledges made to the people previous to election.

7th. The Democracy of Nevada holds the ballot to be the inalienable right of free citizens; views with alarm the efforts of the great foreign corporations to control the political contests in Nevada, and urges the people of this State by their votes and the polls in the approaching election, so signally to rebuke and trample upon such interference as will forever prevent its repetition.

8th. The Democracy of Nevada recognizes the right as well as the necessity, of organizing and maintaining by the industrial classes, Miner's Unions and "Mechanic's Unions," and other associations, for the purpose of protection against Chinese pauper labor. Under a wise and frugal government, which is the mission of the Democracy to maintain and perpetuate, no resort to force, or to violation of law, or invasion of the right of person or property, to redress grievances, is needless and at war with free institutions. By legislators fostering and favoring the great moneyed corporations, such as national banks, railroad, steamship, telegraphic and manufacturing companies, the Republican party has perverted the Government from its true object, protecting the people, and made it the instrument of plundering them. It has concentrated vast wealth in the hands of a few, while the telling millions who created that wealth are struggling in poverty and enforced idleness; and it has enabled monopolies to devour so great a portion of the earnings as to take from the mouth of labor the bread it has earned.

9th. The Democracy of Nevada congratulates the country upon the acceptance, by the present administration, of the constitutional and pacific policy of local and self-government in the States South, so long advocated by the Democratic party, resulting in peace and harmony to that section of the Union.

10th. The Democracy demands the Legislature to pass additional enactments to enable stockholders to visit and examine mining property in which they are interested.
